Project type: Provide a brief summary of the purpose and nature of your project in the box below:

Township \_\_\_\_\_ Range: \_\_\_\_\_ Section: \_\_\_\_\_ Meridian: \_\_\_\_\_

Resource Development  Scientific Research  Conservation  Transportation Corridor

Was a Pre-Application meeting held with NSB Staff?  Yes  No Date Held: \_\_\_\_\_ (Strongly Recommended)

Was Village Leader consultation completed?  Yes  No Date Held: \_\_\_\_\_ (Strongly Recommended)  
If not, attach explanation of why consultation was not necessary.

Was there a previous Certificate for this site issued to another person/company?  Yes  No Date Issued: \_\_\_\_\_ Certificate No. \_\_\_\_\_

Name of Applicant Certificate was issued to: \_\_\_\_\_

Attach the Following Information to Application:

- Maps:** Two hard copies and two CD copies of each map must be submitted. A digital GIS shape file of the proposed permit area, in GIS Mapping Format (projected in Alaska Albers Equal Area Conic using either a NAD 1927 or a NAD 1983 horizontal datum) is preferred. (a) General Vicinity Map. This map must show distances from nearby villages (b) Site Specific Location Map, showing the area requested for TLUI clearance, including nearby existing development, natural features, and zoning boundaries, and known traditional subsistence activities or values at historic, archaeological and cultural sites including all Alaska Heritage Resource Survey (AHRs) sites, TLUI sites currently known by the NSB and any additional sites located during your field work (hereafter referred to as Critical Sites). (c) Map, drawn to an appropriate map scale, showing existing and planned development and a minimum 500' buffer zone from the Critical Sites.
- Studies:** Two hard copies and two CD copies of each study relevant to this application (e.g. historic, prehistoric, archaeological resources, traditional subsistence activities, and cultural site studies) completed by trained professionals in that respective field. If there was a prior field study for this area, you must submit a copy of that study. If you did not conduct the field study, you must obtain permission from the person/company that conducted the field study and include that in your application or provide evidence that the study is publically available to support your application. Please describe how you have included traditional and local knowledge into these studies.  
  
A study of the proposed development site by a professional trained to identify and document any possible Critical Sites within the vicinity of the proposed development site. This study must include: (a) field survey, (b) literature review, and (c) record of consultation with the nearest affected Village Tribal President(s) and City Mayor(s) to ensure all sites are included in the study.  
  
For all new sites identified during study work, please submit the Global Positioning System (GPS) coordinates and GIS data in an electronic format that can be readily loaded into the NSB GIS database.
- GPS and Mapping Data Quality:** A written summary describing the type of GPS and other mapping data used, along with an explanation of data quality and accuracy.
- Scope of Work:** A written description of the nature and purpose of your proposed industrial development. Include development plans, engineering and architectural designs.
- Existing Permits:** List any permits and approvals received for this site. Attach a copy of the Form 400 Study Permit you obtained from the NSB. Attach a copy of any SHPO clearance obtained for this area. List any additional permits and approvals that are forthcoming for this site.
- Plan to Protect Critical Sites:** A written Critical Sites protection plan.
- Affiliation:** If you are not the land owner or lessee you must submit evidence of your affiliation with the owner/lessee (e.g., letter from owner/lessee authorizing you to do work, or copy of contract).
- Fee:** A check made payable to the North Slope Borough for the application fee of \$100.
