Revised 8/03/2021

In order to prevent the slow spread of COVID-19 (Coronavirus) the Native Village of Point Lay has established the following guidelines for our Residents,

ALL Travelers including everyone living in the home will be mandated to self-quarantine for 10 days or until the travelers PCR test result proves negative. It is recommended to monitor for COVID symptoms. During quarantine you are not to come into contact within 6 feet of anyone.

Residents that are FULLY vaccinated and traveling home may use the Rapid Test and quarantine until results are received. **All travelers** must have the vaccination in order to use the Rapid Test instead of the PCR test. If One traveler is not vaccinated travelers must quarantine until PCR proves negative.

COVID-19 test is requested to be taken within 24 hours of traveling to Point Lay for Residents. Non-Residents are requested to have a Negative Test result prior to traveling to Point Lay. The PCR COVID-19 Test is to be taken in **Utqiagvik and or Point Lay.**

All travelers flying to Point Lay should not visit our local store, Post Office (community center) or any public building while on quarantine. If you must leave your place of quarantine use a mask and take safety precautions. **DO NOT** enter other Homes or Public Buildings.

Travelers should avoid going to the clinic if showing signs of the virus. You should call the Point Lay clinic at (907)833-2526/2527 the cell number is (907)833-0013

In special circumstances for Itinerant workers are to check with their supervisors. They also must wear a mask in Public and use social distancing.

We are asking that all residents and non-residents comply with this mandate to protect the health and safety of our community. We will continue to provide updates as necessary.

Watch for these symptoms:

- *Cough *Fever
- *Shortness of breath *Fatigue
- * New on-set diarrhea *Loss of Taste or Smell
- * Wash Hands *Wear a mask if sick

If you are showing any of these symptoms call the clinic during operating hours.
