Reasons for Denial:

NOTE: PLEASE READ THE FOLLOWING PRIOR TO SUBMITTING YOUR APPLICATION

Your application will be checked for completeness with the provision of the Barrow Zoning Ordinance. These include regulation governing use, yard setbacks, distance between structures, and fire safety.

All applications are submitted to the Barrow Fire Chief for review and compliance with applicable State and local fire codes as well as generally recognizing standards for fire safety in Arctic Construction.

Any application for development that is subject to the State Fire Code shall not be accepted by the Zoning Administrator until a conditional approval has been given by the State Fire Marshall. Project subject to State Fire Code include commercial and industrial uses, and residential structures containing four or more dwelling units.

The following is an example of a site plan containing the requested information from the application:
