**Scott K. Danner, Director**

February 23, 2023

TO: SA10 Landfill Customers  
FROM: Scott K. Danner, Director   
SUBJECT: OXBOW Landfill Third Party Billing Process

---

Effective February 23, 2023, the following process will apply to all waste that is dropped off at the Oxbow Landfill.

It is the responsibility of the company that is dropping off the waste to have written authorization if the load they are dropping off is to be invoiced to any other company other than the company that owns the truck. The authorization shall provide all the information that is required by the ticket shack to assign the load to the appropriate company. It should be legibly signed by an authorized individual from the company being charged. This document will be scanned at the ticket shack to provide backup for the billing process.

These changes are being made to clarify responsibility for landfill charges and eliminate the confusion over which company is responsible for the charges.
