MAY 17, 2024,

Power FULLY Restored to Wainwright

We are pleased to announce that three generators at the Wainwright Power Plant have been successfully restored, bringing full power back to the community.

While this restoration marks a significant milestone, it is not a permanent solution to the degrading infrastructure in Wainwright. We remain committed to working on long-term solutions that will ensure the reliability of our power systems.

We extend our deepest gratitude to the people of Wainwright for their patience, cooperation, and resilience during this challenging time. Your efforts and the quick response from emergency teams have been crucial in resolving this issue. Quyanaqpak and God Bless.
